

Modelling for Edgar

Carla Róisín Behal , Bilbao, 2023

Facebook keeps reminding me things, and brings back memories from my life back in Amsterdam. Modelling for Edgar Jansen was always one of my precious moments of peace, stillness and beauty.

I love watching people when they are focused working in their arts, that specific and mysterious kind of concentration...Edgar is one of the best painters I have ever known. I feel honoured to witness your work, to be part of it, for all those years, and specially to have you as a friend.
